

MEMORANDUM

TO: Members of the Audit Committee
FROM: Ellen Duffy *Ellen Duffy*
SUBJECT: Debt Report as of August 31, 2023
DATE: October 3, 2023

Attached please find the Corporation's Debt Report as of August 31, 2023. This is the same report that was presented at the Audit meeting on September 27th as the September 30 report was not available at this time.

The last debt report presented to the Audit Committee was as of April 30, 2023.

During this time, the Corporation issued three series of Open Resolution bonds in the amount of \$642.7 million and remarketed one series of \$53.6 million Open Resolution bonds. In addition, the Corporation issued two series of bonds in the Housing Impact resolution in the amount of 320.3 million.

There were bond redemptions in three series of Open Resolution bonds in the amount of \$201.99 million and one stand-alone series of bonds in the amount of \$8.3 million.

Please see the footnote on the Interest Rate Hedges page that indicates the SOFR based rates that have been used as of July 1, 2023, to calculate swap payments. LIBOR rates are no longer published as of June 30, 2023.

The Corporation's debt outstanding as of August 31, 2023, is approximately \$15.6 billion. The Corporation's statutory debt capacity stands at \$18 billion.

HDC Debt -- Monthly Report as of August 31, 2023

Draw Down Advances in Aug:	0.00
Redemption/Final Maturity in Aug:	0.00

- Notes
- Includes Debt Obligation issued pursuant to a Funding Loan Agreement.
 - Includes 2006 J-1 in an amount of \$99,250,000 which has been waived off from the Open Resolution.
 - Includes Draw Down Bonds & certain Debt Obligation.
 - Asset Parity Ratio = Asset (Including Mortgage Loan Balance + Cash & Investment Balance)/ Bonds Outstanding
 - Prepayments in this series have been releveraged in other securitizations.
 - The bond is structured as a pass-thru deal and the borrower is responsible for the bond interest
 - Includes only those assets for which HDC retains the earnings.
 - Swaps not in effect. See HDC Hedges for more detail
 - Interest rate hedges are obligations of the Corporation, with payments pledged to the specific Bond Resolution or program. These interest rate hedges are not legally tied to any specific bond series, therefore provides a hedge to the full Open Resolution variable rate portfolio.

*Interest rate hedges are obligations of the Corporation, with payments pledged to the specific Bond Resolution or program. These interest rate hedges are not legally tied to any specific bond series, therefore provides a hedge to the full Open Resolution variable rate portfolio.

**On July 1, 2023 LIBOR was discontinued and replaced by the official ISDA IBOR 'all-in' Fallback Rate

The Fallback Rate for any Record Date (the date for which the Fallback Rate is valid) is determined by taking the overnight SOFR rate compounded in arrears over the same term of the existing LIBOR tenor, and adding the spread adjustment previously published for such Record Date Overnight SOFR Compounded over 1 or 3 Months; Spread adjustment is 11.448 bps for 1 M LIBOR and 26.161 bps for 3 M LIBOR

(1)On June 11, 2020, New York City Housing Development Corporation ("HDC") amended an existing LIBOR fixed payer swap ("Green Machine") with PNC. A substantial decline in long-term swap rates in early 2020 allowed HDC to extend the amortization of the swap in exchange for lowering the fixed rate payable.

(2)On June 17, 2020 and June 18, 2020, New York City Housing Development Corporation ("HDC") amended existing LIBOR fixed payer swaps ("Jamaican Dream" and "Lex Express") with Wells Fargo. A substantial decline in long term swap rates in early 2020 allowed HDC to extend the amortization and/or the first optional par call date in exchange for lowering the fixed rates payable.

(3)On June 18, 2020, New York City Housing Development Corporation ("HDC") amended an existing LIBOR fixed payer swap with Royal Bank of Canada ("RBC"). The swap had originally been executed by HDC in December 2018 in anticipation of hedging a future tax-exempt variable-rate bond issuance. A substantial decline in long term swap rates, increase in volatility and relatively flat yield curve allowed HDC to delay the first exercise on its par call option in exchange for lowering the fixed rate payable.

(4)Modified on 7/9/20 to push out option exercise date from 2/1/34 to 2/1/39

(5) Modified on 7/16/20 to push out option exercise date from 12/1/38 to 12/1/43

(6) Rate compounded from the Rate Record Day i.e. first of every quarter (with a 2 Business Day Lookback), to the Calculation Date i.e. 90 days from Rate Record Date.

(7) Rate compounded from the Rate Record Day i.e. first of every month (with a 2 Business Day Lookback), to the Calculation Date i.e. 30 days from Rate Record Date.

(8) Weekly, every Thursday - until less than 30 days to payment date. All subsequent resets then are the last observed fallback rate.
